75

Years

1948 - 2023

75 YEARS OF OPERATION

May 10th 2023 marks the 75th birthday of RTL Trades

Originally known as Reynolds Trezona and Lister (RTL) Plumbing was started by three mates, Alf Reynolds, Len Trezona & Graham Lister. They began operating from Graham's house and used payphones to communicate back to home base.

2004 saw a change in ownership with Ben L'Estrange taking over. The team was made up of just three maintenance Plumbers. Kate L'Estrange, Ben's wife joined the RTL family in 2009

Ben & Kate, with the support of their team have been able to expand to now offer Roofing, Electrical, Building & Carpentry services as well as Plumbing and in 2019 re branded the business to RTL Trades.

The RTL Team now consists of over 60 team members.

We are proud to present this completed project for Springfield City Group

Scope of works proposed

New Grease Trap

TRADE NEWS

ELECTRICAL

Smoke Alarms the one line of defense to warn occupants that smoke is in the area, typically caused by fire

April was the month to check your alarms and if required change your batteries. It is a legal requirement that all rental properties are fitted with smoke alarms and they must be maintained on a regular basis

Our team of highly trained and experienced Electricians are able to assist with everything from installation to maintenance.

To ensure that you are not stuck in a "fiery" position our team can provide a no obligation quote

New flashing installed by our Roofing Team

ROOFING

Roofs - a property's protection from the elements. An area that is usually forgotten until it allows for the outside to come in, usually in the form of water.

It is important to ensure that your roofs and gutters are properly maintained and regularly cleaned

Our experienced Roofing Team are able to assist with everything from an initial inspection & gutter cleaning to repairs and even replacements.

RTL WOULD LIKE TO WELCOME LEE FRANCIS TO THE TEAM AS OUR NEW ROOFING MANAGER HE IS SUPPORTED BY OUR ROOFING TEAM - WHO ARE ALWAYS REACHING FOR NEW HEIGHTS
